

# Dr Jane Gardner

## General Practitioner

**Qualifications:** MBBS, MRCGP, RACGP, diploma of children's health.

Originally from the south of England Dr Jane Gardner moved to Australia in 2015 with her husband and two children. With a career spanning over 16 years and her passion for the medical industry Jane's in-depth knowledge of all things General Practice ensures her patients receive the highest level of care.

Jane loves the continuity of care that comes with General Practice being able to work with her patients to ensure the best possible outcome for them. Jane enjoys working with families, the elderly and managing chronic diseases. Weekly Jane visits a nursing home to care for elderly patients.

In her spare time Jane loves spending time with her family, keeping fit and bushwalking.

### **Services provided:**

Health assessments, chronic health management, cervical screening, child and travel immunisations
